

INDEX TO VOLUME XLVIII

The present Index, following in general the plan adopted in Volume XLVII, exhibits separately (I) Contributors, with indication of their respective contributions; (II) Contents, arranged with reference to the main types of material appearing in this periodical; (III) a Subject Index, in which an attempt has been made to classify this material according to the divisions employed in the standard annual bibliography of classical studies, J. Mar-

ouzeau and J. Ernst, *L'Année Philologique* (latest issue Vol. XXIV [bibliography of 1953]; Paris: Les Belles Lettres, 1955).

Certain conventions, e.g., in II. 2 (Book Reviews) and in III (Subject Index), that of indicating reviewers by enclosing their names in parentheses immediately after the designation of books reviewed, will be familiar from earlier volumes.
